Lindsey Pershern, MD

AADPRT Position: Chair, Membership Committee

Lindsey Pershern, MD is the director of residency training for the Baylor College of Medicine General Psychiatry program. She received her MD from UT Health Science Center in San Antonio and completed her residency at Baylor College of Medicine, serving as Chief Resident and completing the Clinician Educator Track. She was faculty at UT-Southwestern and served as the associate program director before returning to Baylor in 2021. She has been involved with teaching, mentoring, and advising medical students for over 15 years. Her academic experience includes certification as a Team-Based Learning (TBL) trainer consultant, designation as distinguished teaching professor from the Southwestern Academy of Teachers at UT-Southwestern, as well as activity at the APA, AADPRT, AAP and ADMSEP in areas of UME, GME, and faculty development.

In her 7 years as an AADPRT member, she has been active on the Neuroscience education committee, including facilitating sessions during the BRAIN conference, the Workforce task force, now committee and the Membership committee. Her educational interests include active learning, professional development, community psychiatry and psychiatric workforce. She has worked clinically in outpatient, CL and inpatient settings. She currently serves as Medical Director for Admissions at the Menninger Clinic.
