

American Association of  
Directors of Psychiatric  
Residency Training

## Committee Spotlight

**Name:** Child and Adolescent Psychiatry Caucus

**Chair:** Laurel Williams, DO

**Charge:**

The Child and Adolescent Caucus represents the AADPRT EC needs and concerns from Child and Adolescent Program nationally and support Program Director and Assistant Program Directors in CAP Training.

**Initiatives and projects:**

Support CAP Program Directors across a wide array of issues to help professional and programmatic development.

**How do you join the committee?**

All PD and Assistant PD's in Child and Adolescent Psychiatry are invited to attend and participate.

**What skills are you looking for in new members?**

We are looking for enthusiasm and collaboration in Child and Adolescent Psychiatry Training.

**What is the time commitment for committee members?**

Currently members participate during our annual meeting and in an ad hoc manner during the academic year via our listserv.

We have discussed having a smaller group to develop didactics for DEI topics that could eventually be within the AADPRT VTO and another group to assist programs who want to develop a 5 year integrated CAP/General Psychiatry track/program. Any and all volunteers are welcomed. Time commitment would depend on what that small group decides.

**What positions are available to committee members?**

CAP Caucus Chair – every 3 years. The individual can self nominate, is asked to write a statement and the 3 past CAP Caucus Chairs will interview candidates and make a selection/recommendation for the new Chair for the next 3 years.

**What other information might you want potential members to know?**

Get involved with the CAP Caucus!
