

Committee Spotlight

Name: Development

Chair: Ann Schwartz, MD

Charge:

1. Work with AADPRT Executive Committee to find ways to encourage donations to AADPRT from a variety of sources.
2. Work with the Executive Director to solicit donations from members.
3. Determine any conflicts of interest for donors and AADPRT and discuss these with EC.
4. Develop new avenues for giving.

Initiatives and projects:

Our committee continues to focus on fundraising efforts. For example, we supported the Swag Store with custom gear and items, with proceeds going toward AADPRT awards and fellowships.

We are also seeking potential exhibitors for the annual meeting and contacting companies and publishers regarding exhibits as well as organizations including ACAAP, AAP, AAAP, ACGME and subspecialty organizations.

How do you join the committee?

Email [Ann Schwartz](#) or attend the Development Committee meeting at the Annual meeting.

What skills are you looking for in new members?

We are looking for energetic and creative members who have ideas on how to enhance our fundraising efforts.

What is the time commitment for committee members?

We meet 2-3 times per year for approximately an hour. We also communicate by email, specifically to review exhibitor proposals for conflicts of interest.
