

American Association of Directors of Psychiatric Residency Training

Biosketch

Theadia L. Carey, MD, MS

AADPRT Position: Chair, Justice, Equity, Diversity, Inclusion (J.E.D.I.) Committee

Dr. Theadia L. Carey is a Community Clinical Assistant Professor in the Department of Psychiatry at Michigan State University College of Osteopathic Medicine in East Lansing, Michigan since 2015. In the same year, she became Psychiatry Residency Program Director at Detroit Wayne County Authority Health General Medical Education (GME), a Teaching Center which also known as Authority Health – GME. This is a community general psychiatry residency training program. Dr. Carey’s goal is for the Authority Health training program to be the standard for psychiatry training in community settings. Clinically, Dr. Carey is Associate Chief Medical Officer of Behavioral Health for Michigan Department of Corrections. Her main duties are to ensure that prisoners receive evidence-based care consistent with community standards for psychiatric disorders including substance use disorders. Finally, Dr. Theadia L. Carey provides clinical care to underserved populations receiving care at various clinics in the Detroit area.

Dr. Carey is committed to educating the next generation of mental health professionals. She contributes to the education of medical students, resident physicians, social work interns, nurse practitioners and psychology fellows at multiple institutions. Dr. Carey is actively involved in committees at national and local branch of American Psychiatric Association (APA), AADPRT and American Society of Clinical Psychopharmacology.
